La mer dans tous ses états

AOS

The company AOS welcomes you to the heart of the offshore racing centre where the most important ocean-racing ships in Europe are brought together.

Our offices are situated near the Eric Tabarly City of Sailing, the first museographic space dedicated to offshore racing.

Event

Organisation and management of your made-to-measure business event.

Associate seminars, in-house challenges, public relations, product presentation. Varied activities tailor-made to your wishes.

But also **operational responsibility to the organisers**, sailing clubs, associations or businesses.

Communication

Research into partners for sports clubs: contact with and support of partners.

Press liaison:

Creation of press packs, press releases and newsletters for sports clubs, associations, sporting projects, etc

Graphics

From a simple page setting to the creation of a complicated brochure, we carry out all types of bespoke graphics work to fulfil your precise expectations. You benefit from our experience understanding expectations and you advise on the development of the content of your documents.

► Base Monotype

Training and preparation base for regattas.

Offshore racing, monotype, HN, IRC, combined with ad hoc, logistical hosting by the month, the year or on an à la carte tariff.

Scheduling of recognised, knowledgeable participants to benefit the crews and skippers. Supervised training sessions on water and land.

► Project management

Sail, we'll worry about the rest

Our objective is to facilitate the implementation of your project and thus allow you to devote yourselves to your sporting objectives.
